of 15-6-15 it was stated that no extra estabt for the work would be necessary until the number of subscribers became numerous. The Comptroller states that 1500 applicatns have been received so far, that the number of Subscribes & the amants collected are increasing every month and that Six hands are absolutely necessary for the work.

3. The Comptroller proposes that the additional hands may be sanctnd with effect from 1-8-1915 so that the lumpsum grant for temporary estabt may be relieved of the additional burden which it has had to bear on this account. Statement of Expenditure under 'Lumpsum grant' from July to Dec' 1915 received with the Comptrollers letter no K 4229 R-267 dated 23-12-15 shows that only Rs 99-8-1 have been spent on account of Provident Fund Accounts. Besides the Comptroller has in the latter communicatn asked for an addtn of Rs 2000 to the current years lumpsum grant, as the usual allotment has already been exhausted. Thus the necessity for sanctioning additnal hands with effect from 1-8-15 does not seem clear.

The file on the Subject is being worked up separately.

4. The Six hands asked for are stated to be required for the following

The Comptroller states that a separate section must be formed for the Provident Fund work & that it is necessary to have an Asstt Exam^r on Rs 70-100 to be in charge of it. It is, however, not unusual to place 1st grade Accountants (50-3-65) in charge of Sections; please see pages ~~36, 38~~ 34 and 40 of the Gradation List put up by the Comptroller's office. Whether the same rate of pay may not be fixed for all the four ledgerers seems also to be a matter for consideration.

6. The liability to be incurred on account of the Provident Fund Scheme is 4% compound interest plus the cost of working the scheme. It may perhaps be assumed that the former will be recouped to Govt by investing the amount of deposits on this account in the new Govt. of India 6% or other loans. But the cost of working the scheme will have to be

borne from the State Funds though there is no corresponding income to Govt. What per centage of the income this expenditure should represent is a point for consideration.

7 The establishment now proposed is only intended for keeping the accounts ~~kept~~ in the Comptroller's office and not to the Treasuries where there is also additional work on account of the working of the scheme. The cost proposed is Rs 3.60 3/4 per month while the income is between Rs 5 to 6000 per month. Assuming that the receipts on account of P.F. deposits will amount to Rs 10000 per month in the near future, the establishment now proposed represents not less than 3% on that sum and that only in the Comptroller's office. Whether it is necessary to spend such a large amount from the State Funds and whether the scheme cannot be worked more economically are points for consideration.

8 In this connection it may perhaps be useful to know what per centage of receipts the working charges of the State Savings Banks come to as the working of both the institutions are similar except in so far as the income and expenditure of the P.F. deposits are regular while ~~those~~ those of the Savings Banks are

irregular and fluctuating. Consequently the number of transactions in the latter are comparatively larger than those in the P.F. scheme. The cost of working the latter scheme should therefore be cheaper and at any rate not dearer than the cost of working the S.B. (13) It is quite clear that the establishment asked for by the Comptroller, viz 6 hands, is too large because,

(1) in Madras there are only 10 clerks for Provident Fund work - the transactions there must be more numerous than the transactions here because the Fund has been in existence for some time and subscription to the Provident Fund is Compulsory in the case of many officers.

(2) as compared with our S.B. work the Provident Fund work must be very much less and there are only four hands for Savings Bank work.

(14) Under these circumstances more than two clerks, on 25 or 30 Rs. would not appear to be necessary for the Provident Fund work.

SIR,

With reference to Government Order No. Fl.7389-437/1315-14-2 of the 15th June 1915 directing the formation with effect from 1st July 1915 of a State Provident Fund and the maintenance of the accounts connected therewith in the Comptroller's Office, I have the honor to state that up to date 1,500 applications have been received and the number of subscribers has been increasing every month. The amounts received as subscriptions during the last four months as noted in the margin show a steady increase every month in the amount of collection also.

2. As directed in the Government Order all endeavours were made to manage the work with the existing establishment, but as the number of applications became numerous, it was absolutely impossible to cope with the work without additional help. This help was given by me as a temporary measure from the lump sum grant at my disposal but these temporary hands cannot be expected to look into all the technique of account procedure connected with the work. It has therefore become necessary to have more experienced hands. Some additional staff has also become necessary as it is found by actual

experience

experience so far that at least one ledger is required for 500 accounts. With the additional subscribers sure to come in the near future, four ledgers will be required; one hand for calculation of interest, registering applications and attending to miscellaneous work and another hand for checking the ledger and other accounts maintained and disposal of objections, maintenance of Broad sheets and the annual verification of balances. Six hands are thus absolutely necessary for this work and I request that you will be so good as to obtain the sanction of -- Government for the permanent addition of the marginally noted six hands to the existing establishment of this office for the work connected with the State Provident Fund. From the magnitude of the work it is clear that a separate section must be formed to look after the work and hence it is absolutely necessary to have an Assistant Superintendent on Rs. 70-100. The proposition statement in the usual form is herewith submitted duly verified.

3. As much work has already accumulated and it has been found very inconvenient to release any of the permanent hands for the work without, in the first instance, arranging for their relief, the need for these additional hands has become very urgent. Moreover the lump sum grant for temporary establishment out of which two hands are now entertained for this work has already been exhausted for the reasons mentioned in another communication in regard to that grant and it will therefore be very difficult for me to arrange for the pressure of work which is shortly to come in connection with the compilation of the Finance and Revenue accounts and the budget. I beg therefore that the proposition to entertain six additional hands may be sanctioned as early as practicable and that effect may be given to the order with effect from 1st August 1915 so that the lump sum grant for temporary establishment may be relieved of the

additional

additional burden which it has had to bear.

I have the honor to be,

S i r,

Your most obedient servant,

Comptroller.

Secretary to the Government of Mysore,

General .....*Department.*

SIR,

I have the honour to invite your kind attention to this office letter No. 4410/R.246 dated 14th December 1915 requesting sanction of Government for some additional hands to cope with the work connected with the State Provident Fund account and to request that you will be so good as to inform me when the Orders of Government may be expected in the matter.

2. This work has been increasing day by day and the number of accounts now stand at about 1800 against 1500 in the middle of December last. Much difficulty is being felt in arranging for the steadily increasing pressure of work with the existing establishment. Nor can any temporary arrangements be made by me to adequately arrange for it as the lumpsum grant for temporary establishment has been exhausted as already reported in my letter No. 4729/R.267 dated 23rd December 1915. The matter has therefore become very urgent and calls for immediate orders. If for any reason the issue of final orders should be delayed, I beg that Government may be pleased to authorise me to appoint at least temporarily pending

the issue of final orders, the undermentioned 6 hands:--

1. Assistant Superintendent. on Rs. 70/-

5 Clerks on 2(50), (30), (25), & (20).

I request the favour of immediate orders as otherwise work will very much accumulate and such accumulation is not desirable in respect of monetary transactions.

I have the honour to be,

R e a d:-

Letter No.4410/R.246 dated the 14th December 1915 from the Comptroller to Government, soliciting sanction to the entertainment of six additional hands in his office at a cost of Rs. 300¾ per mensem for the work connected with the State Provident Fund formed under Government Order No.Fl.7389-437/ Gen. Fin. 15-14-2 dated the 15th June 1915.

...

Order:-No. No 7 5753

Bangalore, 9 May 1916.

In view of the large clerical establishment already under the control of the Comptroller, ~~two~~ three additional ~~hands on~~ accts Rs.25 and Rs. 20 ~~30~~ per mensem seem sufficient at all events for the present to cope with the extra Provident Fund work. Their entertainment is accordingly sanctioned for one year ~~for a period of two years~~ as in the first instance.

30-3-45,

as per Council resolution one year by 4/5

2. The cost on this account will

58/4/5

be met from savings under the provision of Rs.5,200 in the current year' Budget for actuarial scholarship.

Secretary to Govt.,
General Department.

To

The Comptroller to Government.
